The Mood-Factory Review

Mood Factory's mission is to Improve Mood's. They do that with light bulbs in different colors. Each color does a different thing. I think this is a great concept and since receiving my Mood Factory bulbs I have noticed a difference. I put my "Renewal" Green bulb in my front entry and noticed a welcoming sense when coming into my home at night.

The different mood's that Mood Factory wants to improve are:

Happiness: Bright Yellow Provides Joy and Cheer Like the Sun.

Insert a 'Happy' colored light bulb in your doorway or foyer to create an atmosphere of hospitality.

Make a sunroom come to life with 'Happy' colored lighting in the overhead fixture.

Position a 'Happy' in the breakfast room to brighten the family meals.

Energy: A Vibrant Orange Brings Life and Energy.

Infuse your workout room with extra vitality by adding an 'Energy' orange colored light bulb. Place an 'Energy' colored light bulb in the corner of your workroom to keep the projects moving.

Pop in an 'Energy' at your office to remind you to keep working through the day!

Passion: Red Brings Feelings of Excitement & Passion

Turn on 'Passion' in the dining room when you want to invite romance to dinner.

Position a 'Passion' in the kitchen to promote zeal and enthusiasm in cooking.

Add some 'Passion' during your favorite sporting event party to support team colors and fun.

Simple Side of Life

Serenity: Light Blue Associates with Calmness, Stillness & Serenity

Utilize a 'Serenity' in a restaurant to create a calming atmosphere for guests.
Arrange an accent light with 'Serenity' next to your bath to soothe and unwind.
Move 'Serenity' to your favorite meditation or yoga spot to encourage deep relaxation.

Sassy: Is Associated with Feelings of Courage, Confidence & Spunk

Add some 'Sassy' to your dorm room to show your fun-loving style and attitude.
Add some 'Sassy' to your front porch during October for Breast Cancer Awareness, showing support to those that fight the disease.
Add some 'Sassy' to your office space to give you that needed confidence boost and dramatic flair.

Renewal: Green is Associated with Growth, Fruitfulness & Renewal

Add 'Renewal' in your entryway to set a mood that welcomes you and your family home.
Promote a sense of rejuvenation by having a 'Renewal' in your study or library.
Put a 'Renewal' in a unique shade to show off your individual style.

Creativity: Purple Brings Imagination & Inspiration

Bring to play 'Creativity' in your child's room to generate a place of magic.
Include 'Creativity' in the studio to be inspired to new artistic heights.
Apply 'Creativity' to your spiritual room to aid in original and inventive thoughts.

Tranquility: Dark Blue Associates with Spirituality, Cleanliness & Tranquility

Situate the Tranquility in your garden to transform it into a spiritual and reflective oasis.
Set 'Tranquility' in your meditation room to aid in calm and stillness.
Leave a childlike lamp with 'Tranquility' in your baby's room to support good rest.

Look for a Lowe's Store near you to buy Mood-Factory Lights and Change the Mood in your life!
